Response and Prevention Branch

Robert Ogg, Chief
Site Investigation and Compliance Branch

On December 21, 1984 at approximately 3:00 p.m., Mr. Chris McElroy, an attorney for U.S. Gypsum Co. (an alleged responsible party for Duane Marine) contacted this office to request information on CERCLA Administrative Order No. 50105. Mr. McElroy stated that he phoned the project manager in the New Jersey Investigation and Compliance Section and was told that she was not available. Mr. McElroy reportedly then attempted to contact any member of the legal staff, but again was told that no one was available.

Mr. McElroy requested a copy of Administrative Order 50102 and also a series of NJDEP inspection reports. Since Bruce Sprague, the OSC for this project was on annual leave, a search was made for these documents. When these reports were not located, George Zachos called your office to brief you of the above. He reached Angel Torrez and informed him of the lawyer's request. Since we have not heard from your office, we assume that Mr. McElroy was contacted and his request was met.
